

The United States of America,

To all to whom these presents shall come, Greeting:

395608

WHEREAS, a Certificate of the Land Office at Boise, Idaho, is now deposited in the Bureau of Land Management, whereby it appears that full payment has been made by the Idaho State College, according to the provisions of the Act of Congress of June 14, 1926 (44 Stat. 741; 43 U.S.C. 869), as amended by the Acts of June 4, 1954 (68 Stat. 173) and September 21, 1959 (73 Stat. 571), for the following described land:

Boise Meridian, Idaho.
T. 9 S., R. 36 E.,
Sec. 2, W $\frac{1}{2}$ SE $\frac{1}{4}$.

The area described contains 80.00 acres, according to the Official Plat of the Survey of the said Land, on file in the Bureau of Land Management:

NOW KNOW YE, That the UNITED STATES OF AMERICA, in consideration of the premises, and in conformity with the said Acts of Congress, HAS GIVEN AND GRANTED and by these presents DOES GIVE AND GRANT unto the said Idaho State College the Tract of Land above described, for instruction and research purposes only; TO HAVE AND TO HOLD the same, together with all the rights, privileges, immunities and appurtenances, of whatsoever nature, thereunto belonging, unto the said Idaho State College, and to its successors forever; subject, however, to the following reservations, conditions, and limitations:

Subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local customs, laws, and decisions of courts. There is reserved from the land hereby granted, a right of way thereon for ditches or canals constructed by the authority of the United States. There is also reserved to

described, together with the right to mine and remove the same, under applicable laws and regulations to be established by the Secretary of the Interior. There is also reserved a right of way for a Federal Aid Highway under 23 U.S.C. 317. Subject to such rights for pipe line purposes as the El Paso Natural Gas Company may have under Section 28 of the Act of February 25, 1920 (41 Stat. 437), as amended by the Act of August 21, 1935 (49 Stat. 674).

If the patentee or its successor in interest does not comply with the provisions of the approved plan of development, filed on June 11, 1963 with the Bureau of Land Management, or by any revision thereof approved by the Secretary of the Interior or his delegate, said Secretary or his delegate, after due notice, and opportunity for a hearing, may declare the terms of this grant terminated in whole or in part. The patentee by acceptance of this patent, agrees for itself and its successors in interest that such declaration shall be conclusive as to the facts found by the Secretary or his delegate, and shall, at the option of the Secretary or his delegate, operate to revert in the United States full title to the lands involved in the declaration. The Secretary, or his delegate, may in lieu of said forfeiture of title require the patentee or its successor in interest to pay the United States an amount equal to the difference between the price paid for the land by the patentee prior to issuance of this patent and 50 percent of the fair market value of the patented lands, to be determined by the Secretary or his delegate as of the date of issuance of this patent, plus compound interest computed at four percent beginning on the date this patent is issued.

Provided, that, if the patentee or its successor attempts to transfer title to or control over the lands to another or the lands are devoted to a use other than that for which the lands were conveyed, without the consent of the Secretary of the Interior or his delegate, or prohibits or restricts, directly or indirectly, or permits its agents, employees, contractors, or subcontractors (including without limitation, lessees, sub-lessees and permittees), to prohibit or restrict, directly or indirectly, the use of any part of the patented lands or any of the facilities thereon by any person because of such person's race, creed, color, or national origin, title shall revert to the United States.

IN TESTIMONY WHEREOF, the undersigned officer of the Bureau of Land Management, in accordance with section 1 of the act of June 17, 1948 (62 Stat., 476, 43 U. S. C. sec. 15), has, in the name of the United States, caused these letters to be made Patent, and the Seal of the Bureau to be hereunto affixed.

GIVEN under my hand, in the District of Columbia, the EIGHTH day of AUGUST in the year of our Lord one thousand nine hundred and SIXTY-THREE and of the Independence of the United States the one hundred and EIGHTY-EIGHTH.

For the Director, Bureau of Land Management.

By Elizabeth B. Ducks
Chief, Patents Section.

Idaho State University

Oil Drilling would have these adverse effects:

1. would cause road building through an area which has natural vegetation and is recovering from previous disturbance.
2. traffic into the area would disturb research.
3. wildlife would be driven from the area.
4. research projects requiring minimal disturbance could not be conducted.
5. equipment could not be left as it now can.
6. pollution resulting from the drilling, drilling rigs, etc., would adversely affect the area.
7. the pond results from water being held by impervious rock layers beneath it and fills from water on this layer resulting from spring runoff and irrigation. Penetrating this layer may drain or otherwise adversely affect the pond.

The area was acquired for research and teaching because it is: 1) remote; 2) has a unique lava sink pond on it; 3) has natural vegetation on it; 4) access can be controlled on it.

Sincerely,

Karl E. Holte

OFFICE OF THE
BURSAR

From: D. F. Engelking, Executive Secretary of the
State Board of Education, as trustee for
The Idaho State College

To: Bureau of Land Management
Idaho State Office
P.O. Box 2237
Boise, Idaho

Re: Application, Serial No. 013138

CERTIFICATION

This is to certify that the following is an exact and complete extraction from the minutes of the State Board of Education, acting in its capacity as trustee for The Idaho State College, in regular session March 16, 1962:

"It was moved by Marcus, seconded by Eaton, and carried that application be filed with the Bureau of Land Management for the purchase of the following described parcel of real estate at the purchase price of \$2.50 per acre.

80 A.; W $\frac{1}{2}$ SE $\frac{1}{4}$; Section 2; Twnshp 95; Range 36E; Boise Meridian, Idaho.

The area includes a lake that is desired by the Department of Zoology and declared to be useful for instructional and research purposes in general ecology, limnology, and invertebrate zoology."
