

## Ecological Site/Plant Association and Vegetation (ID)

Bear Lake County Area, Idaho

[Composition of forest understory vegetation is based on canopy cover. Composition of rangeland vegetation is based on dry weight]

| Map symbol and soil name | Ecological site or plant association                  | Common trees | Forest understory or rangeland characteristic vegetation   | Composition  |  |
|--------------------------|---|--------------|--|--|--|
